Multiplier par 10 et 100.

A pyramid-shaped grid of multiplication problems. Each row contains a different number of problems, increasing from 1 at the top to 5 at the bottom. The problems are arranged in a grid that is 5 columns wide at the base and 1 column wide at the top. Each problem is a multiplication by 10 or 100. The grid is decorated with stars and animal illustrations.

				
45×10				
8×100				
26×10		74×10		
51×10		3×100		
2×100	7×10	9×100		
58×10	4×100	33×10		
29×10	43×10	67×10	95×100	8×100
17×10	5×100	38×100	6×100	75×10

Decorative elements: Stars are placed above the top row, above the second row, above the third row, and above the fourth row. A rabbit is next to the second row, a turtle is next to the third row, and a snail is next to the fourth row.
